## Benton F.F.A. Chapter Wins Gold Emblem Rating

### Benton Lions Club Sponsoring Circus Here Wednesday

Proceeds Go For Community Bldg. Improvements

The Benton Lions Club announced the biggest and best circus ever to appear in Marshall County will be at the Benton City park Wednesday, April 18 for afternoon and night performances, just two days after appearing at Timmons Field in Paducah.

This circus is being sponsored by the Lions for the benefit of the Community Building. All proceeds received by the club will go toward improvements on this important project. Half the proceeds of the advance ticket sale and a smaller portion of other receipts go toward this important work, buying advance tickets at the Corner Car Race or from any Lions Club member will help the work.

A big three ring circus, this is one of the best on the road today and has a large staff of performers and a large variety of animals. The Kelly-Morris Circus is nationally known and has a reputation for being invited to return to all communities where it has shown.

The Lions Club feels fortunate in having been able to obtain this show for Marshall County. Remember buying advance tickets in the Community Building. Tickets are selling at \$1.20 for adults and 60 cents for students.

A state tax must be paid at the gate, 10 cent on adult and 5 cents on student, law does not allow this small tax being collected when tickets are sold in advance so the holder must pay it at the circus.

### Marshall All-Star Team Loses Twice To McCracken Co.

Playing at Calvert City Tuesday night the Marshall county all-stars dropped a 7-7 tie breaker to the McCracken County all-stars after dropping a 6-30 decision to them the night before at Lone Oak.

The game was sponsored by the Calvert Lions Club to help raise money to pay for the purchase of and equipping of the fire truck recently obtained by that fast growing community.

Bobby McLemore, Calvert ace who was unable to play in the Monday night game, sparked the team attack with 22 points. The game played on even terms with high scoring first period with the tally knotted at 21-21, at all time the Marshall stars had stepped into a five point lead and the third frame increased that by another seven points, but the McCracken countmen staged last period drive that brought them victory by two points.

### Notify PMA Office For Soil Testing

If you want the soil on your farm tested to determine if you need lime, potash, or phosphate, the PMA office in Benton says come there to sign an application.

The cost of this service, they say, is 8 cents per cropland acre or the farmer. The PMA assumes the remainder of the cost of paying the laboratory fee and sending a trained man to the farm to take the sample.

Mr. and Mrs. Buck Brien and family were in Danville, Illinois visiting Johnny Brien and family while his wife was in Lakeside hospital recovering from an appendectomy. Also Mr. and Mrs. Brien visited Floyd Weakley at Monticello Saturday night returning Monday. Mrs. Elmer Brien remained with her son for another week.

Marvin C. Prince, of Benton, has one of forty-three who passed the state bar examination at Frankfort this week.

A total of sixty prospective attorneys took the exams but 17 failed to pass. Robert O. Miller of Murray and Jerry Jones of Fulton were the only three others from this area who passed the tests and became eligible to practice law.

## Tie With Lone Oak For First Place Honors In Dist. Field Day Meet Held Here Thursday

### Traffic Accident Rate In Marshall County Is High

County Judge Leonard Jones has just received a report from the State of Kentucky giving complete data on traffic accidents for the year 1950 which show Marshall county standing high on the list of having had three fatal accidents, 40 injured not fatal and 63 incurring property damage, this is besides minor collisions which are not reported.

This gives Marshall county a high rating in the wrong direction Judge Jones stated.

Emphasizing the fact that the situation is not improving despite many arrests being made, Judge Jones stated that he has had since March 26 a total of 12 traffic violators brought before him and all received fines in proportion to their offense. Two were for drunken driving, 9 for speeding and one for passing on a curve.

He further stated that many complaints have been received by him of people dumping trash and other waste material on the right of way of highways and county roads, he stated that this is a direct violation of the law and offenders brought before him will be punished.

### Eighth Grade At Sharpe To Hold Commencement Fri.

The eighth grade graduation at Sharpe school will be held Friday night, April 20.

### Ky. 31 Fescue Will Be Increased Here For The Year 1951

Seed production of Kentucky 31 Fescue will be increased in Marshall county in 1951 according to J. Homer Miller county agent. There will be an increase in certified and uncertified seed. The demand locally and over the nation for Kentucky 31 Fescue is still above the annual production.

Growers of certified seed must make applications with the Kentucky Seed Improvement Association by April 15. Where certified seed were sown the producer should examine his fields for wild onions and other noxious weeds before making application.

Certification papers may be obtained at the office, Mr. Miller says.

A regular stated convocation of Benton ommandry No. 46 will be held Friday night, April 20 at 7:30 p. m. All Sir Knights are invited to attend.

Architect's drawing of the beautiful 66 room hotel being constructed at Kentucky Lake Park in Marshall County. The state department of parks has announced that completion of this hotel is expected about the first of July in time to accommodate much of the rush of tourist business anticipated again this summer. Each room of this half million dollar structure will have a picture window looking out on the beautiful scenery surrounding this famous spot. The building will be on two levels on the lake side with a spacious dining room in the center of the lower section and a huge sun deck on the second level. The lobby of the hotel will open onto the sun deck.

## Around The Square

Headley Heath says that if visitors to this community do not like the weather they can just wait a few minutes and we will give them a change.

A Tater Day visitor said that it seemed as if we have some kind of weather almost everyday.

Congratulations are in order for Leemon Miller of Hardin who was named President of the Student Organization at Murray State.

Also congratulations go to James W. Washam who just received his diploma as an optometrist from the Southern College of Optometry at Memphis.

The column written by Mary Green has had lots of response, but this time she received a letter from Sgt. George Woolums who is fighting in Korea; he had read her column and also an item she had in the Louisville Courier-Journal. Seemed to think she was well worth reading just as all of us around here do.

Fay Melton, formerly of the Tribune staff and now of Camp Campbell, handed us an item out of a paper up there that he thought was just about right—When a Doctor makes a mistake, he buries it. When a garage man makes a mistake, he adds it on your bill. When a carpenter makes a mistake, it's just what he expected. When a lawyer makes a mistake, it was just what he wanted, because he has a chance to try the case all over again. When a judge makes a mistake, it becomes the law of the land. When a preacher makes a mistake, nobody knows. But when an editor makes a mistake—Dear John.

## ROUTE 5:

Mrs. Helen Farley

(Held over from last week)

We are all glad to see the sun shining this morning, just hope the weather will stay good for a while.

Easter Sunday friends gathered at the home of Mr. and Mrs. S. Rudolph for an egg hunt in the evening; those present were Mr. and Mrs. Willie McNeely and son, James Earl, Mr. and Mrs. Rubin Mathis, Henry Sweet and daughter, Barbara Nell, Mr. and Mrs. Jake Tubbs, Mrs. Gurtha Hughes and children, Henry Mathis, Mrs. Helen Farley and daughter, Reta Mae, Miss Ruby Mae Mason and Nollie Immins, Boce Baker, E. U. Thorm, Billie Joe Thorm, Jimmie Jones, all had a nice time; lunch was served late in the evening and all went home looking forward to another egg hunt next Easter.

Mr. and Mrs. George Battoes of Chicago spent the week end with her mother, Mrs. Gettie Clark, Mr. and Mrs. Joe Salome of Paducah were the Sunday guests of her parents, Mr. and Mrs. Henry Odom. Barbara and Gillard Mathis who have had the measles are now back in school. To Clark of Detroit spent Saturday and Sunday with his mother, Mrs. Gettie Clark, Mrs. Dale Greer and children, Mrs. Georgia Greer and daughter, were late Sunday evening guests of their mother, Mrs. Helen Farley, Mr. and Mrs. Burnett Sheppard are improving slowly after a week of the flu. Mrs. Elie McNeely, Mrs. Gurtha Hughes were the Monday morning guests of Mr. and Mrs. Burnett Sheppard. Mr. and Mrs. Jessie Sheppard and daughter, Ruth Ann, spent Sunday with her parents, Mr. and Mrs. Lee Brindley of Calloway County.

Our school at Aurora is just doing fine and we have only four more weeks and it will close for the term. Most children will be glad to see that day or they are getting tired of being in school so long. Miss Mervie Odom is still on the sick list.

## STRICTLY BUSINESS

by McFeathers

"Who's at bat?"

President Truman is scheduled for a Jefferson-Jackson Democratic dinner address Saturday. He is for price controls, wage controls, rent controls, farm controls, 30 per cent taxation of all personal incomes on the average, 91 per cent taxation (almost complete confiscation) of large incomes, labor dictation of business policy, socialized housing, deficit financing, and "hand-outism." Jefferson was against all these things—but Truman can be expected to bargainize the believers again with his self-styled pose as a "good Jeffersonian Democrat" and lover of personal freedom in this waning hour of Americanism.

## Hardin Home Ec Gives Three Plays

The Home Ec and F. H. A. members of Hardin High presented three one-act plays March 27 in the school gym.

The plays, "Black Clouds," "The Wrong Baby," and "Shirt Off His Back." The cast consisted of Laura Edwards, Betty Jones, Anna Beale, Shirley Cornwell, Joetta Ross, Shirley Smith, Patsy Greenfield, Christine York, Maxine Lyles, Elaine Cope, Lena Yock, Fanny Henderson, and Irene Cope.

The proceeds are to go for the purchase of equipment for the Home Ec department.

## GARDEN NOTES

J. Homer Miller

This may be too late to plan your early garden. Every garden should be planned to meet the needs of the family. Hazardous planting wastes labor and results in an unsteady and unbalanced vegetable supply. The following steps are involved in making a good garden plan:

1. Make a budget of the kinds and amounts of food needed for the year.
2. Determine the garden space needed to produce the amounts and kinds of vegetables needed.
3. Measure the garden spot and make an exact map of it drawn to scale. Show where each thing will be planted and about when. Whether two crops can be grown in the same place, etc.

Make a seed list of seeded including varieties.

Much of the above information can be gotten from Circular 376 "Your Vegetable Garden Month by Month." You may call for them at the County Agents Office.

"FLIGHT PLAN FOR FREEDOM"

If the U.S. is attacked, will our Air Force be ready to strike back? In "Flight Plan for Freedom," the March of Time shows our Strategic Air Command, under Lt. Gen. Curtis LeMay (center), ready for a showdown. Day and night, giant B-36's, largest bombers ever built, are off on training flights halfway around the world (map, top left), often in the air more than 40 hours without landing or refueling. En route, crews take turns sleeping. Hot meals are prepared in the aft compartment (top right), then sent by a small trolley through a pressurized tunnel to flyers half a block away in the nose compartment. At the "target," actually a sleeping American city, special radar plotting crews (bottom left), track the airplane through its "bomb run" and evaluate the accuracy of the "drop." When the March of Time's crew went out to photograph B-36's taking off for a "maximum effort" mission (bottom, right) they heard a sound that few ears had heard before—the indescribable roar of dozens of B-36's, each with six piston engines and four jet engines blazing at full power. American theatergoers will hear it on the second act of "Flight Plan for Freedom."

Soil Conservation

By Herbert Anderson  
 L. J. Rickman found, in making his farm plan, that about two and one-half acres of sod waterways were needed on his farm near Oakland Methodist church.  
 One waterway which has been in sod for several years is to be maintained by reshaping part of it with a plow, discing it, seedbed, and reseeding to fescue and ladino clover.  
 Scott DeMyer and I helped Ray Chambers survey sites for two erosion control dams last month.  
 The dams are to be built in a large ditch east of his house, three miles west of Benton on the Oak Level road. Concrete blocks will be used to build them.  
 In one field a large gully has been put under control by building two earth dams across it with a bulldozer. Two nice stock water ponds were formed.  
 Watson Phelps, north of Sharpe, planned for the establishment of two acres of sod waterways when he made his farm plan, last month.

Sericea lespedeza may be sown on five acres for a permanent meadow. Diversion ditches will keep water that falls on this meadow from running down on row crops in a small branch bottom.

The Kentucky Division of Game and Fish delivered bluegills for stocking four district cooperators farm ponds last month. Large mouth black bass will be distributed for these ponds at a later date.

Farmers desiring fish for their ponds can make request for them through the Marshall County Soil Conservation District.

Refus Rose, New Zion Community, is setting 1500 bicolor lespedeza plants. Four rows three feet apart with the plants two feet apart in the row will be set to make wildlife area bordering his woods.

Fields McGregor, east of Harvey, is setting 500 more bicolor this spring. About 600 were set last spring.

Louis Fooks and Delmo Harper, Mt. Moriah community, are each setting 1000 bicolor plants. A lack of food is the greatest cause of a small number of quail. These food plots will help supply what is needed to carry the birds through the winter.  
 These plants were furnished free by the Soil Conservation Service Nursery.

Man Consumes Barrel of BAKING SODA

One man told us he took baking soda for years. Claims: he has used over a barrel of it for stomach gas, but got only temporary relief.

Recently he quit the soda habit and took CERTA-VIN. This new medicine is bringing REAL lasting relief to many Benton gas victims because it is taken BEFORE (not after) meals and thus works with your food. It helps digest your meals faster so your food doesn't lay there and ferment. Besides relieving gas, CERTA-VIN also contains Herbs with Vitamin B-1 and Iron to enrich your blood and make your nerves stronger. Weak, miserable people soon feel different all over. So don't go on suffering. Get CERTA-VIN—Nelson Drug Store.

ARSENAL OF DEMOCRACY

the South Sets the Pace in **INDUSTRIAL GROWTH!**

In One Dynamic Decade, 1939-49, Southern Manufacturing Increased 248%!

A mighty arsenal of democracy... the New South is making tremendous strides ahead in industry and commerce.

In the years from 1939 to 1949, dollar value of Southern business volume increased 245%. In the same period the increase for all regions outside the South was less than 200%.

Yes, today's Southland is setting the pace for the nation—adding the products of literally thousands of new industries to its traditionally vast agricultural output. It is adding to the strength and power of America as America leads the world in the fight for freedom!

**NC&StL Dependable Transportation Asset of the South!**

Since 1845 NC&StL has been a dependable transportation asset of the South. Today, NC&StL is enriching its tradition of service to the South... has spent since 1940 nearly \$3 million dollars on roadway and equipment improvements! That's the way a great American railroad serves a great American region—NC&StL and the Southland!

### Bett J. Downs Now In Waves Training At Great Lakes

Bett J. Downs, seaman recruit, WAVES, USN, daughter of Mr. and Mrs. H. A. Downs of Route 6, Benton, Ky., has learned to pack her powder puff in a barracks bag.

A recent U. S. Navy recruit, she took the plunge from civilian to military life and has completed training at the U. S. Naval Training Center, Great Lakes, Ill. Although not taught such strictly nautical subjects as signaling and navigation, the Wave recruit did learn ship and aircraft recognition. Naval history and some of the more subtle facts of a sailor's life; that floors are decks and walls are bulkheads.

Having completed her training the Wave will be assigned to duty within the shore establishment of the Navy, to one of certain foreign station, or to a service school for specialized training.

Maxine Lyles and Betty Jones were voting delegates from Hardin.

Frances Norwood was selected to help judge scrap books.

### J. R. Blankenship Catches Big Bass At Guntersville

A Birmingham paper recently carried a picture of J. R. Blankenship of Guntersville, Alabama holding an eight pound 10 oz. largemouth bass he had caught as the starter of the Guntersville fishing sweepstakes.

Blankenship, formerly of Benton, is one of 20 Guntersville anglers who annually form a bass derby with \$200 in prizes going to the six top catches of the season.

The whopper that Blankenship caught to start the season off with was caught on a whopper-stopper the article said.

**Cooked Fine Dinner; Threw it TO DOG!**

One lady used to throw her own dinner to the dog most of the time. It made her sick just to look at food. She was swollen with gas, full of blost, felt worn-out.

Finally she got CERTA-VIN and says she now eats everything in sight and digests it perfectly. This is the new medicine that is helping so many stomach "victims" here in Benton. It helps you digest food faster and better. Taken before meals, it works with your food. Gas pains go. Inches of blost vanish. Contains herbs and vitamin B-1 with Iron to enrich the blood and make nerves stronger. Weak, miserable people soon feel different all over. So don't go on suffering. Get CERTA-VIN — Nelson Drug Store.

# The ADVENTURER

Human life is an endless chain of adventures, from the first timid steps of early infancy to the feeble shuffle of tottering old age. Human progress has followed the trail of the adventurer as man has explored new frontiers and pushed on in his conquest of the world.

Adventures in the realm of mind and spirit are as fascinating and fully as important as those on land and sea. They open up new fields of thought and new realms of spiritual experience. Thus man's inner life expands and is developed along with his body.

In all his adventures, man should have God as his guide and counsellor. Innumerable dangers lurk along the paths of life and pitfalls are on every hand. God is a light and shield to those who trust Him. He gives strength to the weary and faith to the discouraged.

Like the little boy in the picture, we walk in dangerous places. Let us go forth in the strength and courage of God.

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without it, life is a mere struggle. There are four reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and financial support. Plan to go to church regularly and read your Bible daily.

Radio Operator On Bomber That Was Seen Falling

Mr. and Mrs. Claude Henson of Benton have been officially notified that their son, SSgt. Shields T. Henson, is missing in action in the Korean War. Sgt. Henson was radio operator on the bomber credited with dropping the first bomb in the Korean War. He was aboard a plane attacked by enemy fighters and his plane was reported as seen losing altitude and trailing smoke. The defense department notified the parents at a search is still underway. The telegram giving them official notification.

Mr. and Mrs. Claude Henson, it is with deep regret that I officially inform you that your son, SSgt. Shields T. Henson, has been missing since April 12, 1951, as the result of participation in Korean Operations. He was the radio operator aboard a military aircraft which was attacked by enemy fighters, your son's plane was seen losing altitude and trailing smoke. Search teams hit two large rafts and one all raft but no one was in the water. Search efforts are continuing and you will be notified immediately when additional information is received. Please accept my sincere sympathy during this time of anxiety. Gen. John H. McCormack, the Tribune-Democrat joins entire community in extending our heartfelt sympathy to family and retain a fervent hope that the search parties will be successful in finding Sgt. Henson and other members of his crew alive and well.

Working Against Raging With Mammoth Caps

county-wide warning to men and young people was today by Sheriff Volney cautioning them not to with or even touch any white blasting caps they come upon.

The little cylinders might be copper or aluminum and loaded with a powerful explosive which can, but not fear off a hand or foot.

Just or stolen blasting caps her forms of explosives are do not touch them, but the local police or sheriff's office," said Sheriff Brown.

have been asked by the local Sheriff's Association in cooperation with the Institute of Explosives to seek the of everyone to make a determined effort to carry this message to all children.

They haven't had many in any accidents like these, but that doesn't mean explosives may not get in the hands of our youngsters.
